

Financial Junior Analyst
Full-time position – V.I.E contract
M&A and Project Finance – Renewable Energies
Based in Madrid – September 1st

I Company description

Finergreen is a financial advisory boutique specialized in renewable energies and the energy transition. Founded in 2013, the company now operates around the world through 8 offices with around 50 collaborators in total, of which 20 are based in Paris.

We advise our clients (mostly independent industrials, financial institutions or utilities) on strategic projects in either equity (M&A, venture or growth capital) or debt (project finance, private placements, LBOs) transactions.

We have advised over 100 financial transactions to date which led to the development of more than 6 GW of renewable capacity and which have helped startups become cornerstone players of the energy transition around the world.

We strongly believe that financial expertise is required as a fundamental driver of success for entrepreneurs in the energy transition industry given the large amounts of capital that need to be deployed on the long term to drive significant change on our planet.

With a strong track record of working with family businesses and entrepreneurs but also with large and international financial institutions, Finergreen is a recognized advisor in the industry while remaining true to the entrepreneurial spirit that was at its inception.

The Madrid office was incorporated in September 2020 and is currently working on several debt and equity transactions. The Madrid office covers all the Southern European markets (Portugal, Spain, Italy and Greece) and also provides active support to the Mexico and Sao Paulo offices.

We have ambitious goals for 2021 and we are looking for autonomous and entrepreneurial profiles that wish to pursue a financial career in a fast-growing company at the heart of the renewables.

The Madrid team currently has 5 collaborators executing transactions in Southern Europe and also benefits from the daily presence of the CEO and Founder of Finergreen.

More information available on our website: www.finergreen.com and our LinkedIn page.

II Job description

The position is based in Madrid where you will join our team as an Analyst. You will work in direct contact with the rest of the team on active advisory mandates at all stages.

We require collaborators to assume high levels of responsibility immediately with direct exposure to senior management and clients. It involves meetings and interactions with CEOs, CFOs or senior executives. The position appeals to candidate with hands-on experience or behaviour who seek a challenging opportunity.

Your main tasks will be:

- ▶ Analysis and production activities:
 - Perform financial analysis of projects or companies;
 - Build financial models, either on Project Finance or M&A transactions;
 - Draft and review marketing materials (teasers, info memos, other memos, etc.);
- ▶ Marketing activities
 - Manage day-to-day interactions with lenders or investors;
 - Attend or lead meetings and negotiations;
- ▶ Execution
 - Monitor and facilitate due diligence processes;
 - Liaise and coordinate with external advisors (legal, technical, accountants etc...);
 - Manage Q&A process between investors and clients;
- ▶ Finergreen activities
 - Carry out market research;
 - Draft and review client pitches;
 - Contribute to communications, marketing or other material for the company.

Finergreen is a human-sized company where you will get the chance to work in a young and dynamic environment while taking part in all the aspects of our diverse activity. You will acquire strong financial skills (financial structuring, balance sheet analysis, modelling...) and will gain solid knowledge related to financial transactions (project finance and M&A) while evolving in an entrepreneurial framework where everyone participates in the growth of the company, where initiative is encouraged and where everyone can make an impact.

III Requirements

The ideal candidate will have an outstanding academic track record from a recognized school or university from which they will have obtained a Master 2 degree with a financial background (or business / engineering with a good financial knowledge).

They have 1 to 2 years of full-time experience in project finance or M&A and have been significantly exposed to renewable energy transactions.

They will demonstrate the following skills:

- Dynamism combined with a strong work ethic and a sense of initiative;
- Strong financial analysis and accounting skills, proven financial modelling skills (Excel);
- Time management, organizational skills and great reliability;
- Fluent English (written and spoken) and ability to draft documents in Spanish.

In addition to the above, we would highly value past experiences related to transactions made in some key countries such as Spain, Portugal, Italy, Greece or other markets in Latam.

IV Conditions and contacts

The position will be offered through an International Volunteer contract (V.I.E), starting in September 2021. The job will be based in Madrid, with occasional travel in Europe.

Monthly compensation: € 1,729.79 (non-contractual compensation set by national decree, the amount of which may vary, depending on the evolution of the reference scale, the location of the mission and the cases of reductions provided for by the texts).

You must be between 18 and 28 years old on the date of registration and under 29 years old on the day of departure and must be of French or European nationality living in France (excluding Spaniards).

V Contacts

Interested candidates should send their application to Mr Sergio MANDRU (sma@finergreen.com) with the subject being “**Analyst Madrid position – September 2021**”.
