

Financial Analyst**Full-time position****M&A and Project Finance – Renewable Energies**

Based in Eastern Europe (Warsaw, Budapest, Bucharest)

I Company description

Finergreen is a financial advisory boutique specialized in renewable energies and the energy transition. Founded in 2013, the company now operates around the world through 10 offices with more than 60 collaborators.

We advise our clients (mostly independent industrials, financial institutions, or utilities) on strategic projects in either equity (M&A, venture or growth capital) or debt (project finance, private placements, LBOs) transactions.

We have advised over 150 financial transactions to date which led to the development of more than 10 GW of renewable capacity, and which have helped start-ups become cornerstone players of the energy transition around the world.

We strongly believe that financial expertise is required as a fundamental driver of success for entrepreneurs in the energy transition industry given the large amounts of capital that need to be deployed on the long term to drive significant change on our planet.

With a strong track record of working with family businesses and entrepreneurs but also with large and international financial institutions, Finergreen is a recognized advisor in the industry while remaining true to the entrepreneurial spirit that was at its inception.

The Finergreen Central Europe office was incorporated in September 2020 and the current team (French, English, Hungarian, Romanian and Russian speakers) is executing several debt and equity transactions in collaboration with the other Finergreen offices.

This new office covers all the Central and Eastern European markets (Poland, Hungary, Romania, Bulgaria, and the Balkans). The implementation of the Green Deal by the European Union has encouraged Finergreen to reinforce its team in the area.

We have ambitious goals in Eastern Europe in the coming years and we are looking for autonomous and entrepreneurial profiles that wish to pursue a financial career in a fast-growing company at the heart of the renewables.

More information available on our website: www.finergreen.com and our LinkedIn page.

II Job description

As Analyst you will be based in Eastern Europe (Warsaw, Budapest or Bucharest, according to your preference).

We require collaborators to assume high levels of responsibility immediately with direct exposure to senior management and clients. It involves meetings and interactions with CEOs, CFOs or senior executives. The position appeals to candidate with hands-on experience or behaviour who seek a challenging opportunity.

Your main tasks will be:

- ▶ Analysis and production activities:
 - Perform financial analysis of projects or companies;
 - Build financial models, either on Project Finance or M&A transactions;
 - Draft and review marketing materials (teasers, info memos, other memos, etc.);
- ▶ Marketing activities
 - Manage day-to-day interactions with lenders or investors;
 - Attend or lead meetings and negotiations;
- ▶ Execution
 - Monitor and facilitate due diligence processes;
 - Liaise and coordinate with external advisors (legal, technical, accountants etc.);
 - Manage Q&A process between investors and clients;
- ▶ Finergreen activities
 - Carry out market research;
 - Draft and review client pitches;
 - Contribute to communications, marketing or other material for the company.

Finergreen is a human-sized company where you will get the chance to work in a young and dynamic environment while taking part in all the aspects of our diverse activity. You will acquire strong financial skills (financial structuring, balance sheet analysis, modelling, etc.) and will gain solid knowledge related to financial transactions (project finance and M&A) while evolving in an entrepreneurial framework where everyone participates in the growth of the company, where initiative is encouraged and where everyone can make an impact.

III Requirements

The ideal candidate will have an outstanding academic track record from a recognized school or university from which they will have obtained a Master degree with a financial background (or business / engineering with a good financial knowledge).

They have 1 to 2 years of full-time experience in project finance or M&A and have been significantly exposed to renewable energy transactions.

They will demonstrate the following skills:

- Dynamism combined with a strong work ethic and a sense of initiative;
- Strong financial analysis and accounting skills, proven financial modelling skills (Excel);
- Time management, organizational skills and great reliability;
- Fluent in English and at least in one of the local languages (Polish, Hungarian, Romanian, Bulgarian, Serbo-Croatian)

In addition to the above, we would highly value past experiences related to transactions.

IV Conditions and contacts

The position will be offered through a long-term contract.

The job will be based in Eastern Europe, with travel in the region (occasionally).

Compensation will be discussed depending on profile and experience. It will include a fixed and a variable part.

V Recruitments / admissions

The recruitment period is already opened, and candidates are invited to apply and submit their resume and motivation letters. After an internal review, the selected candidates will receive an email confirming their selection for the admission process.

Selected candidates will perform two interviews, one with an Associate and another one with the Managing Partner of Finergreen Central Europe.

The first interview will be of a technical nature, where will be assessed the following: (i) financial knowledge, (ii) Excel modelling skills and (iii) Power Point knowledge.

The second interview will be of subjective nature, where Finergreen team will assess the motivation of the candidate and future projection.

After the end of the recruitment period, a maximum 2 weeks will be needed to assess the final selected candidate and all the candidates will receive feedback.

VI Contacts

Interested candidates should send their application to sergio.mandru@finergreen.com with the subject being “**Analyst position – Eastern Europe**”.

Your cover letter should describe an assignment you performed illustrating your ability to perform as contemplated in the Job Requirements.
