

Senior Analyst**Full-time position****M&A and Project Finance – Renewable Energies**

Based in Madrid – September 2022

I Company description

Finergreen is a financial advisory boutique specialized in renewable energies and the energy transition. Founded in 2013, the company now operates around the world through 10 offices with around 70 collaborators in total, being Madrid the 2nd largest office within the group.

We advise our clients (mostly independent industrials, financial institutions, or utilities) on strategic projects in either equity (M&A, venture or growth capital) or debt (project finance, private placements, LBOs) transactions.

We have advised over 100 financial transactions to date which led to the development of more than 10 GW of renewable capacity, and which have helped start-ups become cornerstone players of the energy transition around the world.

We strongly believe that financial expertise is required as a fundamental driver of success for entrepreneurs in the energy transition industry given the large amounts of capital that need to be deployed on the long term to drive significant change on our planet.

With a strong track record of working with family businesses and entrepreneurs but also with large and international financial institutions, Finergreen is a recognized advisor in the industry while remaining true to the entrepreneurial spirit that was at its inception.

The Madrid office was incorporated in September 2020 and is currently working on several debt and equity transactions. The Madrid office covers all the Southern European markets (Portugal, Spain, Italy and Greece) and also provides active support to the Mexico and Sao Paulo offices.

We have ambitious goals for 2022 and we are looking for autonomous and entrepreneurial profiles that wish to pursue a financial career in a fast-growing company at the heart of the renewables.

The Madrid team currently has 9 collaborators executing transactions in Southern Europe and also benefits from the daily presence of the CEO and Founder of Finergreen.

II Job description

The position is based in Madrid where you will join our team as Senior Analyst. You will work in direct contact with the rest of the team on active advisory mandates at all stages.

We require collaborators to assume high levels of responsibility immediately with direct exposure to senior management and clients. It involves meetings and interactions with CEOs, CFOs, or senior executives. The position appeals to candidate with hands-on experience or behaviour who seek a challenging opportunity.

Your main tasks will be:

- ▶ Analysis and production activities:
 - Perform financial analysis of projects or companies;
 - Build financial models, either on Project Finance or M&A transactions;
 - Draft and review marketing materials (teasers, info memos, other memos, etc.);
- ▶ Marketing activities
 - Manage day-to-day interactions with lenders or investors;
 - Attend or lead meetings and negotiations;
- ▶ Execution
 - Monitor and facilitate due diligence processes;
 - Liaise and coordinate with external advisors (legal, technical, accountants etc...);
 - Manage Q&A process between investors and clients;
- ▶ Finergreen activities
 - Carry out market research;
 - Draft and review client pitches;
 - Contribute to communications, marketing, or other material for the company.

Finergreen is a human-sized company where you will get the chance to work in a young and dynamic environment while taking part in all the aspects of our diverse activity. You will acquire strong financial skills (financial structuring, balance sheet analysis, modelling...) and will gain solid knowledge related to financial transactions (project finance and M&A) while evolving in an entrepreneurial framework where everyone participates in the growth of the company, where initiative is encouraged and where everyone can make an impact.

III Requirements

The ideal candidate will have an outstanding academic track record from a recognized school or university from which they will have obtained a master's degree with a financial background (or business / engineering with a good financial knowledge).

They have 2 to 4 years of full-time experience in project finance or M&A and have been significantly exposed to infrastructure transactions, ideally renewables energy.

They will demonstrate the following skills:

- Dynamism combined with a strong work ethic and a sense of initiative;
- Strong financial analysis and accounting skills, proven financial modelling skills (Excel);
- Time management, organizational skills and great reliability;
- Fluent English (written and spoken) and ability to draft documents in Spanish.

In addition to the above, we would highly value past experiences related to transactions made in some key countries such as Spain, Portugal, Italy, Greece or other markets in LatAm.

IV Conditions and contacts

The position will be offered through a long-term contract, starting in April 2022. The job will be based in Madrid, with occasional travel in Europe.

Compensation will be discussed depending on profile and experience. It will include a fixed and a variable part.
