M&A and Project Finance – Renewable Energies

Based in Budapest

I Company description

Finergreen is a M&A and financial advisory boutique specialized in the energy transition. Founded in 2013, the company now operates around the world through 12 offices with more than 90 collaborators in total.

We advise our clients (mostly independent industrials, financial institutions or utilities) on strategic projects in either equity (M&A, venture or growth capital) or debt (project finance, private placements, LBOs) transactions.

We have a strong track record in deals execution since 2013 as we have supported key players on c.200 transactions representing more than EUR 6 bn; mostly with family businesses and entrepreneurs but also with large and international financial institutions.

We strongly believe that financial expertise is required as a fundamental driver of success for entrepreneurs in the energy transition industry given the large amounts of capital that need to be deployed on the long term to drive significant change on our planet.

The Finergreen Central Europe office was incorporated in September 2020 and the current team (French, English, Hungarian, Romanian and Russian speakers) is executing several debt and equity transactions in collaboration with the other Finergreen offices.

This office covers all the Central and Eastern European markets (Poland, Hungary, Romania, Bulgaria, and the Balkans). The implementation of the Green Deal by the European Union has encouraged Finergreen to reinforce its team in the area.

We have ambitious goals in Eastern Europe in the coming years and we are looking for autonomous and entrepreneurial profiles that wish to pursue a financial career in a fast-growing company at the heart of the renewables.

II Job description

The position is based in Budapest where you will join our team as an Intern. You will work in direct contact with the rest of the team on active advisory mandates at all stages.

We require that Interns assume mid-levels of responsibility that can be associated with direct exposure to senior management and clients. It can involve meetings and interactions with CEOs, CFOs or senior executives. The position appeals to candidates with hands-on experience or behaviour, who seek a challenging opportunity.

Your main tasks will be:

- ▶ Analysis and production activities:

- Learn and understand financial analysis of projects or companies with the scope of preparing comprehensive materials to be shared with our clients
- Draft marketing materials (teasers, info memos, other memos, etc.);
- ▶ Marketing activities
 - Manage day-to-day interactions with lenders or investors.
 - Attend meetings and negotiations.
- ▶ Execution
 - Monitor due diligence processes.
 - Liaise and coordinate with external advisors (legal, technical, accountants etc...).
 - Manage Q&A process between investors and clients.
- ▶ Finergreen activities
 - Carry out market research.
 - Draft client pitches.
 - Contribute to communications, marketing, or other material for the company.

Finergreen is a human-sized company where you will get the chance to work in a young and dynamic environment while taking part in all the aspects of our diverse activity. You will acquire strong financial skills (financial structuring, balance sheet analysis, modelling...) and will gain solid knowledge related to financial transactions (project finance and M&A) while evolving in an entrepreneurial framework where everyone participates in the growth of the company, where initiative is encouraged and where everyone can make an impact.

We are an equal opportunity employer and will consider all applications to favor a diverse and inclusive work environment where everyone can belong. All hires are based on qualifications, merit and business needs, regardless of gender, origin, color, religion, disability, sexual orientation or any other protected status.

III Requirements

The ideal candidate will have an outstanding academic track record from a recognized school or university from which they will have obtained (or soon) a Master degree with a financial or business background (or engineering with a good financial knowledge).

They have 6 to 12+ months of internship experience; previous experience in advisory (investment bank or M&A/advisory boutique) or investment (investment fund or asset manager) is a plus.

They will demonstrate the following skills:

- Dynamism combined with a strong work ethic and a sense of initiative.
- Proven Excel and Power Point skills (Excel);
- Time management, organizational skills and great reliability.
- Native Hungarian and fluent in English (written and spoken);
- An additional language of Central or Eastern region (Polish, Hungarian, Bulgarian, Serbo-Croatian) is definitely a plus

The successful completion of the internship could result in a long-term contract.

IV Conditions and contacts

The position will be offered through a 6-month internship contract, starting in June 2024. The job will be based in Budapest.

Compensation will be discussed depending on profile and experience.
